

GRAND CLIFF NUSA DUA EVENT GUIDELINES

ELITE HAVENS

Introduction

Grand Cliff Nusa Dua, a magnificent five-bedroom villa blessed with sensational views of the Indian Ocean, is a perfect villa to host your next celebration, be it elegant nuptials, a celebratory dinner, a milestone birthday or any other event.

With sleek, welcoming interiors, an infinity pool that merges with the turquoise sea, and the luxurious facilities you would expect of a property of this calibre, this amazing villa a perfect option for an intimate wedding with the Indian ocean as the background, for up to 30 guests.

These guidelines are intended to give Event Organisers (EOs) and their clients guidance specific to Grand Cliff Nusa Dua and should be read in conjunction with Elite Havens General Guidelines for Event Management.

Weather

Generally, April through to October offers good weather conditions for any event at Grand Cliff Nusa Dua, however, due to recent global weather changes, we strongly advised EOs and guests to consider wet weather conditions and plan accordingly for events during the whole year. Reviewing weather forecast closer to the wedding day is a MUST during any time of the year, as the villa has no wet weather back up OR big indoor space to accommodate the guests, especially when it involves a larger group.

It is compulsory to use a marquee or a tent on rainy days during the whole year, and special pre-planning will be required for the rainy season months in Bali (due to a high demand for marquees or tents) which normally runs from November – March (subject to change). The marquee or tent must be freestanding and needs to have clear plastic sides curtains and a proper flooring. A professional vendor is required to ensure the quality of the structure follow EH standards. A list of approved vendors can be proposed.

ELITE HAVENS

ELITE HAVENS

Event Space

Most event will take place in their pool deck area including welcome area, cocktail, ceremony, and dinner area. Therefore, it's essential for the EO's to plan the set up in advance to ensure a smooth flow on the day.

Event Facilities

Kitchen and Bar

The villa's kitchen must not be used during an event. Caterers can set up a satellite kitchen in the outdoor shower area and set up a 3x6meters tent to cover the area. A tent must be arranged by the caterer/EO to cover the area.

Cooking preparation and plating can be done in the villa's BBQ area, a partition must be used to screen off this area. We urge the catering to do an inspection prior to the wedding to plan the set up on the day.

Free-standing bars can be set up in the paved area or pool deck area and must use a mat to protect the surfaces.

Guest Washrooms

There is one guest's washroom in the living room. It is the responsibility of the EO to ensure the cleanliness of the washrooms during the events.

Parking

The parking area is to be kept free for guests' arrival and departure (drop-off and pick-up only). This means that there is no parking on site for EOs or suppliers but little parking space available for the wedding guests at the estate's entrance where we share the space with other residential guests within the estate. Vehicles are permitted for a one-hour period for loading but should be off-site at least one hour prior to the event. Guests should be encouraged to use drivers or taxis for events at Grand Cliff Nusa Dua.

Regulations and Restrictions

The main living room and dining room area must not be used as an event space. The furnitures can't be removed or moved.

A dance floor may be built in the paved area/lawn but it must have a raised platform to minimise damage to the grass and need to be set up on the day of the event. Or pool deck area can be another option.

Staging is permitted over the pool, however, a site plan must be submitted a minimum of 45 days prior for approval, and only approved vendors are allowed (please contact our event team for some suggestions). A refundable security deposit of US\$ 2,000 (cash) applies for having a floating stage set up.

Floating bamboo and foam structures for candles and flowers are permitted however they should be removed by the EO by 1 am or as soon as guests enter the pool in order to avoid any damage or injury.

Fireworks, balloon release, and Thai wishing lanterns are strictly forbidden.

As the villa is in a residential area, therefore a strict music curfew at 11 pm applies for all music.

External genset max 30kva must be arranged from outside and must use a small truck (L300 type) due to limited parking space available. There are designated parking spaces for the genset and the vendor must provide +/- 15 meters cable to reach the venue area.
