

SESEH BEACH VILLAS EVENT GUIDELINES

ELITE HAVENS

Introduction

Traditional Balinese design melts into modern luxury at Seseh Beach Villas, a dream wedding venue on Bali's south-west coast, close to one of Asia's top golf courses and the dramatic and very scenic Tanah Lot sea temple.

Seseh Villa I, a five-bedroom and Seseh Villa II, a six-bedroom - with breathtaking ocean views which are beautiful by day and spectacular at sunset. A full team of professional staff, a 17-metre pool and kids' splash pool, Seseh Beach Villas is as perfect for families as it is for weddings. When hired together, Seseh Villas I and II, open an access to the magnificent ocean front lawn space that provides a one-of-a-kind venue for romantic weddings and other special celebrations.

These guidelines are intended to give Event Organisers (EOs) and their clients guidance specific to Seseh Beach Villas and should be read in conjunction with Elite Havens General Guidelines for Event Management.

ELITE HAVENS

Weather

Generally, April through to October offers good weather conditions for any event at Seseh Beach Villas however due to recent global weather changes, we strongly advised EOs and guests to consider wet weather conditions and plan accordingly for events during the whole year. Reviewing weather forecast closer to the wedding day is a MUST during any time of the year, as the villa has no wet weather back up OR big indoor space to accommodate the guests, especially when it involves a larger group.

It is compulsory to use a marquee or a tent on rainy days during the whole year, and special pre-planning will be required for the rainy season months in Bali (due to a high demand for marquees or tents) which normally runs from November – March (subject to change). The marquee or tent must be freestanding and needs to have clear plastic sides curtains and a proper flooring. A professional vendor is required to ensure the quality of the structure follow EH standards. A list of approved vendors can be proposed.

ELITE HAVENS

Event Facilities

Kitchen and Bar

Kitchen and Bar Caterers can set up a satellite kitchen outside Seseh Beach Villa's main kitchen. There is no bar available for event use therefore caterers will need to supply free standing bars. Bars can be set up in one of the pool side bale and in paved area in front of the villa's temple. Caterers need to use a mat to protect the floor and grass surface.

Guest Washrooms

There are a total of six public toilets between both villas; they are located in the pool bale and additional ones can be found in the villa's main living room. EOs are responsible for the cleanliness of the bathrooms during the event.

Parking

The parking area is to be kept free for guests' arrivals and departures (drop off and pick up only). This means that there is no parking on-site for EOs or suppliers. Vehicles are permitted for one hour period for loading but should be off-site at least one hour prior to the event.

Power Generator

Seseh Beach Villas has an 80 KVA generator which must be used at all times taking place in the property; the cost will be US\$ 200++.

Extra services available through approved in-house vendors:

Streamer Service

This can be arranged at additional cost (price available). The villa staff is not responsible for steaming any wedding garments.

Towel Service

Extra towel available at extra charge. This service is required for recovery party/pool party as the villa only has 40 towels in-house for guests use, while extra towels can be provided at an additional cost.

ELITE HAVENS

Regulations and Restrictions

For larger groups, we suggest to hold the ceremony on the sand dune area and thereafter move to the back villa for cocktails, followed by a dinner reception at the front villa.

For any pre or post party with over 22 guests, a pre-arranged food and beverage service or catering is required. An EO/Planner is also required on-site to supervise the events.

Dancing is permitted either in the pool Bale or in the wooden deck surrounding the swimming pool. Fire dancers are allowed in the grass in front of the pool.

The beach/pool bale furniture can be moved/ removed allowing space for either bands/dj or evens as a wet weather dining option.

Staging over the pool is permitted, however, a site plan must be submitted at least 1 month prior to event day for prior approval.

Floating bamboo and foam structures for candles and flowers are also permitted and they should be removed by the EO by 1 am or as soon as guests enter the pool in order to avoid any damage to the pool.

For lighting installment, vendors must bring their own poles and are not allowed to hang any decoration items, cables, wires, lights on any trees at the villa.

Fireworks and/or Thai wishing lanterns are strictly forbidden.

Marquees must be freestanding.
