

VILLA BANGKUANG EVENT GUIDELINES

ELITE HAVENS

Introduction

Hold your next event at Villa Bangkuang, an elegant multi-pavilion villa bordered by rice fields in the peaceful traditional Balinese village of Seseh. This stunning five-bedroom villa rests on the edge of a traditional coastal village between hipster Canggu and have-to-visit Tanah Lot on Bali's south-eastern shore. An enthralling black sand beach is just 300 metres away, and rice fields unfurl uninterrupted from the villa garden to the ocean edge.

Intimate weddings with up to 100 guests can be accommodated in its beautiful tropical garden with paddy views and a small stream flowing through.

These guidelines are intended to give Event Organisers (EO) and their clients guidance specific to Villa Bangkuang and should be read in conjunction with Elite Havens General Guidelines for Event Management.

Weather

Generally, April through to October offers good weather conditions for any event at Villa Bangkuang, however due to recent global weather changes, we strongly advised EOs and guests to consider wet weather conditions and plan accordingly for events during the whole year. Reviewing the weather forecast closer to the wedding day is a MUST during any time of the year, as the villa has no wet weather back up OR big indoor space to accommodate the guests, especially when it involves a larger group.

It is compulsory to use a marquee or a tent on rainy days during the whole year, and special pre-planning will be required for the rainy season months in Bali (due to a high demand for marquees or tents) which normally runs from November – March (subject to change). The marquee or tent must be freestanding and needs to have clear plastic sides curtains and a proper flooring. A professional vendor is required to ensure the quality of the structure follow EH standards. We are happy to share a list of approved vendors if you require one.

ELITE HAVENS

Property area	:	2,800 sqm (land)

ELITE HAVENS

Event Space

The back garden is perfect for solemnization ceremonies. Picture a wedding arch with rice paddy views and even a partial ocean view as the background. Receptions can be organised in the garden around the swimming pool. If you have a party with a DJ or bar set up, it can be planned on the deck near the living room.

Event Facilities

Kitchen and Bar

There is a designated satellite kitchen with a sink available at the villa for the caterer's use. It is the caterer's responsibility to ensure cleanliness after using the space.

There is no bar available at the villa for event use, therefore caterers will need to supply freestanding bars and set them up in the deck area. Mats must be used to protect the surface during such installations.

Guest Washrooms

There is one guest washroom available for events near the villa's living area. It is the responsibility of the EO to ensure the cleanliness of the washrooms during events.

Parking

The parking area is to be kept free for guests' arrival and departure (drop-off and pick-up only). This means that there is no parking on site for EOs or suppliers. Vehicles are permitted for a one-hour period for loading but should be off-site at least one hour prior to the event. Guests should be encouraged to use drivers or taxis for events at Villa Bangkuang.

Regulations and Restrictions

Living and dining rooms are not available for events. The furniture here must not be moved or removed.

Marquees must be freestanding. Artificial flooring is allowed but should be done on the day of the event to limit damage to the grass.

Alternatively dance floor may be built in the lawn and it must have a raised platform to minimize damage to the grass. This should be set up on the day of the event.

Floating bamboo and foam structures for candles and flowers are permitted, however they should be removed by the EO by 1am or as soon as guests enter the pool in order to avoid any damage or injury.

Fireworks, balloon release, confetti bombs, and Thai wishing lanterns are strictly forbidden.

No staging is to be built in or over the pool.
