

VILLA CANGGU EVENT GUIDELINES

ELITE HAVENS

Introduction

Contemporary-styled, two-in-one Villa Canggu, which is a once-sleepy village and now fast evolving as Bali's hippest seaside scene. The villa is divided into two separate residences: four-bedroom Villa Canggu South is adjoined by two-bedroom Villa Canggu North.

If you're looking for a versatile, out-of-town villa, close to the beach, with plenty of family-friendly facilities, yet also ideal for groups of friends, then our beautiful, contemporary-styled holiday home could be just the villa for you.

The villa is also well suited for groups of friends or families with plentiful facilities due to its location and a perfect venue for an intimate wedding celebration for up to 30 pax.

Weather

Generally, April through to October offers good weather conditions for any event at Villa Canggu, however due to recent global weather changes, we strongly advised EOs and guests to consider wet weather conditions and plan accordingly for events during the whole year. Reviewing weather forecast closer to the wedding day is a MUST during any time of the year, as the villa has no wet weather back up OR big indoor space to accommodate the guests, especially when it involves a larger group.

It is compulsory to use a marquee or a tent on rainy days during the whole year, and special pre-planning will be required for the rainy season months in Bali (due to a high demand for marquees or tents) which normally runs from November – March (subject to change). The marquee or tent must be freestanding and needs to have clear plastic sides curtains and a proper flooring. A professional vendor is required to ensure the quality of the structure follow EH standards. A list of approved vendors can be proposed.

Event Space

Ceremonies can take place in the beautiful garden area at Canggu North and reception is best set up around the pool area at Canggu South. If you are looking for a buffet this can be nicely set up in front of Canggu North's living room.

The paved area around the pool can be used as a dance floor area OR bar set up.

Due to its limited space for the event, Canggu villa will work perfectly for a small and intimate wedding where most activities will take place around the pool area.

Event Facilities

Kitchen and Bar

The villa's main kitchen is not designed for event use; therefore caterers must set up a satellite kitchen at the villa's garage area and a cover mat should be used to protect the floor.

There is no bar available at the villa for event use, therefore caterers will need to supply freestanding bars and use a mat to protect the palimanan paved area.

Guest Washrooms

There are two guest washrooms available for guests' use, one inside the living room of Canggu North and another one next to stairs towards the dining room of Canggu South. It is the responsibility of the EO to ensure the cleanliness of the washrooms during the events.

Parking and Access

The parking area is to be kept free for guests' arrival and departure (drop-off and pick-up only). This means that there is no parking on-site for EOs or suppliers. Vehicles are permitted for a one-hour period for loading but should be off-site at least one hour prior to the event. Guests should be encouraged to use drivers or taxis for events at Villa Canggu.

Regulations and Restrictions

The main living and dining room area on both villas can't be used as an event space and none of the furniture can be removed or moved.

Marquees must be freestanding. Flooring is allowed but should be done on the day of the event to limit damage to the grass.

Floating bamboo and foam structures for candles and flowers are permitted however they should be removed by the EO by 1 am or as soon as guests enter the pool in order to avoid any damage or injury.

Fireworks, balloon release, confetti bomb, and Thai wishing lanterns are strictly forbidden.

No staging is to be built into or over the pool.
