

# VILLA MARIDADI EVENT GUIDELINES

ELITE HAVENS

## Introduction

---

Villa Maridadi is what dreams are made of: incredible ocean views, stunning sunsets and luxurious open-air living amidst vivid green rice fields and rustling coconut palms. This five-bedroom villa offers classic Balinese architecture, peace, tranquillity and rare insight into Bali's traditional way of life. This relaxed and comfortable home is the perfect place to unwind with your bridal party, slow down and disappear into a secluded paradise. Dine on delicacies prepared by the villa chef, fall asleep to the soothing sound of the waves and awaken to a private oasis – a stay at Villa Maridadi is an experience you'll never forget.

These guidelines are intended to give Event Organisers (EOs) and their clients guidance specific to Villa Maridadi and should be read in conjunction with Elite Havens General Guidelines for Event Management.

ELITE HAVENS

# Weather

---

Generally, April through to October offers good weather conditions for any event at Villa Maridadi, however, due to recent global weather changes, we strongly advised EOs and guests to consider wet weather conditions and plan accordingly for events during the whole year. Reviewing weather forecast closer to the wedding day is a MUST during any time of the year, as the villa has no wet weather back up OR big indoor space to accommodate the guests, especially when it involves a larger group.

It is compulsory to use a marquee or a tent on rainy days during the whole year, and special pre-planning will be required for the rainy season months in Bali (due to a high demand for marquees or tents) which normally runs from November – March (subject to change). The marquee or tent must be freestanding and needs to have clear plastic sides curtains and a proper flooring. A professional vendor is required to ensure the quality of the structure follow EH standards. A list of approved vendors can be proposed.

# Event Space

---

The open living bale is an ideal space for welcome drinks and after-ceremony cocktails. Ceremonies and reception are best set up beautifully on the large lawn in front of the pool, with superb ocean views in the background.

The pool deck area also can be used as a dance floor area, or for a bar set up.

# Event Facilities

---

## Kitchen and Bar

The villa's main kitchen is not designed for event use; therefore caterers must set up a satellite kitchen at the villa's parking area and use partitions to mask the space from guests' view.

There is no bar available at the villa for event use, therefore caterers will need to supply a freestanding bar and set it up on the pool deck area. No bar can be set up on the grass.

## Guest Washrooms

There is one guest washroom available near the villa's main kitchen for event use. It is the responsibility of the EO to ensure the cleanliness of the washrooms during the events.

## Parking

The parking area is to be kept free for guests' arrival and departure (drop-off and pick-up only). This means that there is no parking on-site for EOs or suppliers. Vehicles are permitted for a one-hour period for loading but should be off-site at least one hour prior to the event. Guests should be encouraged to use drivers or taxis for events at Villa Maridadi.

# Regulations and Restrictions

---

Small furniture in the open living area (except the solid long dining table) can be slightly moved if absolutely necessary but not removed, and this space may be used as a contingency in the event of rain. EOs should consider this space only in the case of emergencies and ensure a proper wet weather plan is conceived for events taking place between November and March.

Marquees must be freestanding. Flooring is allowed but should be done on the day of the event to limit damage to the grass.

Alternatively, a dance floor may be built on the lawn and it must have a raised platform to minimize damage to the grass.

Floating bamboo and foam structures for candles and flowers are permitted, however, they should be removed by the EO by 1 am or as soon as guests enter the pool in order to avoid any damage or injury.

Fireworks, balloon release, confetti bombs, and Thai wishing lanterns are strictly forbidden.

No staging is to be built into or over the pool.

## **Noise Curfew:**

Due to the residential area where the villa is located, live bands are not allowed and the curfew for all amplified music is 11 pm. This is not negotiable. The in-house sound system will be permitted from 11 pm until midnight, only at a restricted volume to limit disturbance to neighbours.
