WEATHER

The weather factor to consider with Villa Semarapura is the wet season from November until March; EOs are advised to consider these conditions and plan accordingly for events.

It is a compulsory to use a marquee or a tent during the rainy season months in Bali (November – March). This will be the backup plan as the villa do not offer indoor space to accommodate the guests, especially when it involves a larger group.

The tent needs to have clear plastic sides curtains and a proper flooring. A professional vendor is required to ensure the quality of the structure follow EH standards. A list of approved vendors can be proposed.

EVENT FACILITIES

The swimming pool wooden deck is ideal for welcome drinks while the extensive lawns are best utilized as ceremony and reception space.

The living room could also be used for roaming cocktails and canapes upon guest's arrival to the villa; however it should not be used as a main event space.

KITCHEN AND BAR

The main kitchen in the villa is not designed for event use; therefore caterers must set up a satellite kitchen in the staff area and use a marquee to cover the area (space is 10 mts long x 2 mts wide).

There is a bar available for events in the garden bale however its wooden surface must be protected with a mat to avoid damage.

GUEST'S BATHROOMS

There is one guest toilet in the media room; for larger groups we suggest that 1 x bedroom toilet becomes available. It is the responsibility of the EO's to supervise the cleanliness of these toilets during the course of the event and the guest to ensure belongings in the bedrooms that remain open are stored safely.

PARKING AND ACCESS

There is no parking on site for EOs or suppliers and the access is quite narrow. Vehicles are permitted for one hour period for loading but should be off site at least one hour prior to the event. Guests should be encouraged to use drivers or taxis for events at Villa Semarapura.

REGULATIONS AND RESTRICTIONS

Fireworks and/or Thai wishing lanterns are strictly forbidden.

Marquees are allowed, however these must be free standing.

Noise Curfew:

Due to the residential area where the villa is located, live bands are not allowed and the curfew for all amplified music is 11 pm. This is not negotiable.

The in house sound system will be permitted from 11 pm until midnight only at a restricted volume to limit disturbance to neighbors

A maximum of 12 events per year will be permitted at this property.

No staging is to be built into or over the pool. Floating bamboo and foam structures for candles and flowers are permitted however they should be removed by the EO by 1am or as soon as guests enter the pool in order to avoid any damage to the pool.
