EVENT FACILITIES

EVENT SPACE

A variety of outdoor venues for dining and special set-up includes the outdoor terrace, beachfront lawn and gardens and of course, the beach itself.

GUEST WASHROOMS

Use of the ensuite bathrooms in the villa's guest bedrooms is prohibited unless prior arrangements for access have been made.

REGULATIONS AND RESTRICTIONS

Interior furnishings should not be moved or removed, and no additional infrastructure should be brought into these areas. All interior floors should be protected with carpets provided by the EO.

Bedrooms are for the use of resident guests only, unless access has been arranged with prior approval. Otherwise, we recommend these to be locked during the course of an event for security. Smoking is not permitted inside the villa.

Marquees are highly recommended during the monsoon period of May until November. These are also recommended as a back-up during other seasons due to unpredictable weather. Marquees must be free-standing. Back-up generators for the event are mandatory.

Staging ceremonies on a platform over the pool is permitted but subject to prior approval. Any platforms stages etc, that require construction or assembly, should be presented in writing with related drawings/plans one month in advance of the event for approval.

Use of fireworks, candles, floating lanterns, sky lanterns, fire shows and pets/animals are strictly prohibited, unless written approval has been given by the local authorities, and such approval has been submitted to Elite Havens. Any fees involved are to be paid to the local authorities directly.

EOs are to be on site at all times during the event including the preparation and dismantling periods. Sub-contractors will not be allowed on site without an EO present.

EOs are to establish security procedures together with villa staff before the event, and must supply lists of suppliers that need access to the villa.

KITCHEN AND BAR

The villa's own kitchens and dining facilities are not to be used for events. EOs are requested to set up their own facilities for catering, dining, bar service and event guest seating. Floors and walls of the selected catering area are to be properly protected with coverings, particularly against food and oil spoilage.

PARKING

EOs and suppliers are asked to avoid parking on site for guests' arrival and departure. Vehicles are permitted for a one-hour period of loading and unloading but should be off-site at least one hour before the event.
