

Finns Recreation Club

Our villa guests also benefit from complimentary guest membership to Finns Recreation Club, Bali's premier private membership club.

Previously known as the Canggu Club, this family-oriented destination offers an extraordinary range of world-class facilities for all ages. The Cubby House Kids Club will keep the little ones entertained with myriad toys and supervised activities, while parents relax by the pool, work out in the gym, or indulge in a massage or spa therapy. Older kids will relish the Bounce Trampoline Centre, Splash Water Park, Strike Bowling Alley, and Junior Sports Academy where dance, swimming, gymnastics and tennis lessons are on offer. And there's family fun for everyone at the 25-metre swimming pool, professionally turfed floodlit sports field, tennis centre with three undercover courts, and indoor multi-sports hall for basketball and badminton.

The Business Centre provides a useful co-working and networking space, and there's an excellent choice of dining venues including Bistro C and Smoke House. Why not take advantage of the day-long shuttle and head to Finns Beach Club for a sunset cocktail? Restrictions to either the number of passes or the activities within the club may apply, so please ask your villa manager for full details. Your manager will also be able to provide you with a membership card.
